

Medway Teaching School Alliance: Vision and Values

Vision

Our ambition is that every child in Medway enjoys an outstanding education.

Values

- **Integrity**
We deliver on our promises, doing what we say we are going to do. We are gracious and non-judgemental, reflecting on our mistakes, acting with respect and confidentiality. We are welcoming, approachable and hospitable. We work with our partners for the common good.
- **Celebration**
We value equality and believe in the uniqueness and worth of each individual. We look to work positively, capturing what's good and building upon it.
- **Shared Drive and Ambition**
We share a passion to make a lasting difference. We will go the extra mile to make a change for the better and to improve children's lives.
- **Opportunity**
We will provide new opportunities and encourage children and adults to try new things. We will learn from each other and work together to find solutions which last for the long term.
